

# 2025 Webinar Schedule

2025 Schedule	Webinar Name	Webinar Description	Available Session Times
January 28th & 30th 2025	<b>2025 Coding Updates:</b> New Year, New Codes!	Get the latest updates in ICD-10 and CPT coding for risk adjustment, to ensure your coding and documentation is accurate and specific.	<b>8:30 am &amp; 12:30 pm EST</b>
February 25th & 27th 2025	<b>The A, B, C's of Coding</b> for Common Pediatric Conditions	Explore the specific coding guidelines and quality metric reporting for Childhood Asthma, Diabetes, Obesity, Autism, and more.	<b>8:30 am &amp; 12:30 pm EST</b>
March 25th & 27th 2025	<b>Health Equity:</b> Ensuring You Are Properly Coding and Documenting for SDOH Disparities	Learn about screening, documentation, and coding for social determinants of health that are impacting the physical and behavioral health of your patient population.	<b>8:30 am &amp; 12:30 pm EST</b>
April 22nd & 24th 2025	<b>Setting the Stage for Coding and Documentation</b> for Chronic Kidney Disease	Deep dive with us into the proper staging, documentation and coding for CKD and associated complications.	<b>8:30 am &amp; 12:30 pm EST</b>
May 27th & 29th 2025	<b>Inhale the Facts of Coding and Documentation</b> for Common Pulmonary Conditions	Gain in-depth insight into proper documentation and coding for Chronic Obstructive Pulmonary Disease, Asthma, Emphysema, and other common Respiratory Disease processes.	<b>8:30 am &amp; 12:30 pm EST</b>
June 24th & 26th 2025	<b>Pulse Check:</b> Accurate Coding and Documentation for Cardiovascular Conditions	Review specific coding guidelines for the United States' leading cause of death: Cardiovascular disease. Discuss documentation and coding for the most prevalent conditions including Coronary Heart Disease, Angina, Heart Failure, Hypertension with Heart Disease, and Acute Myocardial Infarction.	<b>8:30 am &amp; 12:30 pm EST</b>

## 2025 Webinar Schedule *continued . . .*

<p><b>July 29th &amp; 31st 2025</b></p>	<p><b>The Sweet Spot:</b> Coding for Diabetes and Complications</p>	<p>Improve your practice's submission of the most prevalent risk adjustable condition and its associated manifestations. Learn documentation essentials for correctly coding Juvenile Onset Diabetes, Type I and II Diabetes, Secondary Diabetes, and Diabetes due to genetic defects or post procedure. Build upon the essentials to efficiently and effectively code for manifestations such as Nephropathy, Neuropathy, and Retinopathy as well.</p>	<p><b>8:30 am &amp; 12:30 pm EST</b></p>
<p><b>August 26th &amp; 28th 2025</b></p>	<p><b>Don't Let Coding Get Under Your Skin....</b> Coding and Documentation for Dermatology Disorders</p>	<p>Work through some of the most common skin conditions such as Pressure Ulcers, Non-Pressure Ulcers, Cellulitis, Dermatitis, and various infections involving the epidermis and the dermis. Receive expert guidance on the proper documentation and coding for Dermatologic Conditions as well as diseases involving the skin and subcutaneous tissue.</p>	<p><b>8:30 am &amp; 12:30 pm EST</b></p>
<p><b>September 23rd &amp; 25th 2025</b></p>	<p><b>Making Connections:</b> Proper Coding and Documentation for Neurological Conditions</p>	<p>Join us to review accurate documentation and coding for diseases of the central and peripheral nervous systems such as Epilepsy, Generalized Seizure Disorders, Chronic and Acute pain, Migraines, Alzheimer's disease, and pain management in your patient population.</p>	<p><b>8:30 am &amp; 12:30 pm EST</b></p>
<p><b>October 28th &amp; 30th 2025</b></p>	<p><b>Arm Yourself:</b> Battling Through Coding and Documentation for Cancer</p>	<p>Join us as we discuss skills necessary to overcome the challenges of correctly documenting and coding the most common Cancers and Hematological Conditions.</p>	<p><b>8:30 am &amp; 12:30 pm EST</b></p>
<p><b>November 18th &amp; 20th 2025</b></p>	<p><b>Fill Your Plate with Knowledge:</b> Coding and Documentation for Gastroenterology</p>	<p>Fill up on details of common gastrointestinal diseases and how to document and code for them. Review Disorders of the Gallbladder, Biliary Tract and Pancreas and the impact of the pandemic on proper nutrition and timely screening.</p>	<p><b>8:30 am &amp; 12:30 pm EST</b></p>
<p><b>December 16th &amp; 18th 2025</b></p>	<p><b>Ease Your Mind:</b> Coding and Documentation for Behavioral Health and Substance Use Disorders</p>	<p>Ease into learning about specific documentation and coding for Major Depressive Disorders, Schizophrenia, Bipolar Disorders and substance use disorders.</p>	<p><b>8:30 am &amp; 12:30 pm EST</b></p>
